WARSHIPS GATHERING.

Large Fleet to Assemble at Fort Monroe.

ABOUT SEVENTY COMING.

Most Formidable Fleet Ever Seen In American Waters.

WHY THEY ARE COMING NORTH.

There Is No Further Use For Them In Cuban Waters, and No Risk Is to Be Taken Against the Ravages of Yellow Fever.

Washington, Aug. 20.—One of the largest fleets of warships ever assembled in an American port will be brought together in the next few days at Fort Monroe.

Already 57 warships are under orders to rendezvous there, and the others still to be issued will raise the total to the neighborhood of 70.

Naval officials say it is difficult to realize the extent of such a marine aggregation in one harbor.

The orders began issuing last Monday when five ships were ordered to Fort Monroe. On the 16th another ship was added. On the 17th eight more were sent, and on the 18th 17 ships were added. Friday's orders include 18 more ships.

Before the orders began issuing there were eight warships at Fort Monroe, so that the total now is 87.

The movement of these ships northward is due to the close of hostilities, and more particularly to the desire to get the ships away from points of possible fever infection.

They will now be put in thorough repair and their crews will be gradually changed from naval militiamen to sailors of the regular navy.

PATROL SHIPS NOT SELECTED.

The navy department has not yet determined what ships will go to Havana, San Juan and other points of Cuba and Porto Rico. There is felt to be no hurry about this until the authority of the United States is fully established throughout the islands.

In the meantime the matter of policing the shore points is being considered and in due time a number of the light draught auxiliary craft and some of the single turreted monitors will be used for this coast patrol.

It is found, however, that only four of the old monitors of the civil war are fit for this service in southern waters.

As many naval vessels will be centered about the West Indies from this time forward and the navy department will send the new floating dock, recently bought in New York, down the coast to Pensacola, Fla., where it will be kept for docking the warships.

At that point also there are good naval workshops to be used in conjunction with the floating dock. The dock is now being coppered and will be towed to Pensacola as soon as the September rains are over.

STILL WAITING FOR DETAILS.

There were few developments of importance in the post-war situation Friday. The authorities are still waiting for General Merritt's report on the list of casualties, and the state, war and navy departments are interested in knowing the exact terms on which Manila was surrendered.

It was stated by officials that nothing additional on this point had been received up to the close of office hours. The efforts to restore the Manila cable continue, but they have not proved successful thus far.

The claims made in Madrid that the protocol, and not the capitulation, controls the status of affairs in the Philippines, will not be discussed by state department officials.

The Madrid discussion is looked upon as rather academic, as it is taken for granted that claims will be made on both sides, and that the Paris tribunal will be the final arbiter of the case.

Neither the state department nor the French embassy have yet received word that Spain has chosen her military commissions for Cuba and Porto Rico, and some doubt is expressed as to the accuracy of the names given in press advices.

The names given in these reports are those of Spanish generals and admirals now stationed in Cuba and Porto Rico.

The understanding here is that the sessions will begin at Havana and San Juan about the first week in September.

FINAL ORDERS

Relative to the Big Naval Parade Sent to Sampson.

Washington, Aug. 20.—Final orders were sent to Admiral Sampson relative

to the naval parade at New York city on Saturday.

The ships will proceed to the anchorage at Tompkinsville and there await the arrival of Mayor Van Wyck and a delegation of citizens, who are to go aboard the flagship and deliver an address to Admiral Sampson and the men of his command. This ceremony will occur before 10 a. m. Saturday, as the orders contemplate a start up the North river at 10 o'clock.

Anticipating a pressure to gain admission to the flagship during the review the orders are that no one is to be allowed aboard except on the express direction of the president. The salute at the tomb of General Grant will be the national salute of 21 guns.

Admiral Sampson probably will come to Washington the early part of next week, but no orders have been issued thus far concerning his movements.

It is understood that he will continue in command of the North-Atlantic fleet while serving as a member of the military commission at Havana. Being thus in command of the fleet, he will be enabled to select a flagship and proceed thereon to Havana, although it is more likely the commissioners will proceed together on a warship, probably the Dolphin.

No More Troops Needed.

Washington, Aug. 20.—General Shafter has informed the war department that after consulting with General Lawton, commanding the department of Santiago, it had been concluded that it will not be necessary to send any more troops to Santiago for the preservation of peace and good order, and this statement is made with the understanding that the present military force will shortly be reinforced by the arrival of the Fifth regular infantry and the Twenty-third Kansas volunteers.

The Cabinet Meeting.

Washington, Aug. 20.—The cabinet session was brief. The disbandment of the army and the naval review at New York were the main points of discussion. As to the former, Secretary Alger stated that the details were being worked out and considerable difficulty was being experienced in selecting the regiments to be put on the mustering out list, but he expected the matter would be in shape for the issuance in a few days of the necessary orders. Contrary to expectation, the selection of the personnel of the peace commission to meet in Paris was not taken up.

Hospital Ships Needed.

Santiago de Cuba, Aug. 20.—A portion of the First regiment of infantry left on the steamer D. H. Miller. Five hundred of the District of Columbia troops sailed on the transport Hudson, 500 of the Seventh infantry on the Yucatan and six companies of the Thirty-fourth Michigan on the transport Santiago. Owing to the increase in sickness there is much need of hospital ships. The number of those sick is large and there are not sufficient accommodations for them.

Tariff Regulations Made Effective.

Washington, Aug. 20.—The president issued an executive order carrying into effect the tariff regulations for Porto Rico, which have been promulgated by the war department. The tonnage and landing charges are practically the same as provided in the Cuban regulations, but speaking generally the customs duties are lower. The Spanish tax of 50 cents on each ton of merchandise landed at San Juan and Mayaguez, for harbor improvements, is continued.

Expect to Return.

Chickamauga, Ga., Aug. 20.—The First Illinois cavalry and the First Maine infantry are now making preparations to return to their state capitals according to orders issued there. They are not expected to move before next week. The orders to return home were received with great enthusiasm by the men of the regiment, as the majority desire to get back to civil life, as there is no longer a chance of fighting.

Prospero Morales Dead.

Washington, Aug. 20.—A dispatch from Consul Hunter at Ocos, Guatemala, says the rebel general, Prospero Morales, retreated to the mountains where he was captured in a cave. He was ill from hunger, fatigue and exposure and died en route to San Sebastian. He was minister of war in the cabinet of the late President Barrios, where he began his plot to overthrow the government.

Fourth Ohio Boys Arrive.

New York, Aug. 20.—Among the sick and wounded soldiers who arrived here on the hospital ship Relief from Porto Rico were Privates David G. Johnson and Frew W. Armstrong of the Fourth Ohio, and Private James Sanders, musician of the Seventeenth United States infantry. Private W. Reed, company K, Fourth Ohio, died of typhoid fever en route and was buried at sea.

Spanish Commission of Evacuation.

Madrid, Aug. 20.—The cabinet council decided to appoint General Gonzales Parrado, second in command in Cuba; Rear Admiral Luis Pastor Landero, who succeeded Admiral Navarro, the Spanish commander in Cuban waters, and Marquis de Montoro, minister of finance in the insular cabinet, as the commission of evacuation for Cuba.

English View of It.

London, Aug. 20.—The Spectator in its issue this week prophesies that America will retain all the Spanish possessions she has captured and thinks that "pressure from the Cuban loyalists will force the commission to stipulate that Cuba shall be governed by the United States for 20 years."

Patients Arrive From Santiago.

Newport News, Va., Aug. 20.—The steamer Olivette arrived at Fort Monroe from Santiago, having on board 200 patients of the Fifth army corps, including 27 officers, among the latter being Captain Elliott L. Gyger and First Lieutenant George O. Anderson of the Eighth Ohio.

Saifin's Job.

Washington, Aug. 20.—Major Sniffin, one of the paymasters at Santiago, who was sent to that place to pay General Shafter's army, sailed for Montauk Point. Owing to the departure of the army, only about one-third of the troops were paid while at Santiago. As soon as the paymasters are released from quarantine at Montauk they will begin the payment of the remainder of General Shafter's army.

Yellow Fever Cases.

Washington, Aug. 20.—The war department authorities are not alarmed about yellow fever among the troops in the United States, but a close watch is being kept at all points where there is the least danger. The three cases at Key West are the only ones reported in the south, and no additional cases have been reported in the last three or four days. At Montauk Point there are several suspicious cases, but if it is yellow fever, it is a very mild type.

To Be Photographed.

Washington, Aug. 20.—Secretary Lay has sent word that he will return to Washington Saturday. At 11 o'clock the secretary will accompany Ambassador Cambon and M. Thiebaut of the French embassy to the White House, where all the principal figures in that recent notable occurrence, the signing of the peace protocol, will be photographed together. The group will include the president, Secretary Day, M. Cambon and M. Thiebaut.

To Protect Rome's Interests.

Washington, Aug. 20.—Archbishop Ireland called at the White House. He had a conference with President McKinley. He preserved his usual reticence as to his mission. It is understood that the archbishop is empowered to make representations looking to the protection of the interests of the church of Rome in our new territorial accessions, particularly in Porto Rico.

Not the Entire Islands.

Madrid, Aug. 20.—The government has resolved to insist that the capitulation of Manila after the signing of the protocol shall have no effect in the peace negotiations unfavorable to Spain. In any event the government holds that the capitulation by the commander of the town does not entail the surrender of the whole of the Philippines.

Sending Sick Men Away.

Chickamauga, Ga., Aug. 20.—The work of sending away the sick soldiers is now being prosecuted in all divisions of the army. It is the disposition of the department to send home all sick men on 30-day furloughs. The hospital train, which arrived from Philadelphia, left with 100 sick men from the First Pennsylvania.

Spanish Prisoners Depart.

Washington, Aug. 20.—The war department has received the following cable dispatch giving information of the departure of Spanish prisoners at Santiago from Shafter: "Cabadoza sailed with 2,148 men, 109 officers, 44 women and 45 children. Two others are loaded and probably will sail before sunset."

Trains of Home.

Chickamauga, Ga., Aug. 20.—The First Vermont infantry broke camp at an early hour and marched five miles to Rossville station, where the men boarded trains waiting to take them to Fort Ethan Allen in their home state.

Retrenchment Has Begun.

Washington, Aug. 20.—Retrenchment in nearly all branches of the army is following close upon the cessation of hostilities. Notably is this the case in the ordnance, quartermasters and engineer bureaus.

New York, Aug. 20.—There was an explosion at the works of the American Forcite Powder Manufacturing company, Kenville, N. J. Three men were injured, but none very seriously, and the final loss was small.

FOUL PLAY SUSPECTED.

Body of Balaore C. Nichols Found In the Detroit River.

Detroit, Aug. 20.—The body of Balaore C. Nichols, a farmer who lived near Pittsfield, Mich., was found floating in the river near Belle Isle park.

A yard of copper wire held the legs together and two heavy stones weighted the corpse down.

Nichols left home a week ago Wednesday and the body had the appearance of having been in the water at least a week. He had several hundred dollars in his possession when he left Pittsfield, and as no money was found on the body the police believe the motive of the murder was robbery.

Robert Lang of Detroit, a Spiritualist, whom Nichols had been in the habit of consulting, was arrested.

No Extra Session.

Washington, Aug. 20.—Senator Cannon of Utah, who has been in Washington since congress adjourned, will leave for his home in a day or two, having received positive assurance that there will be no extra session of the senate this fall, as had been for some time anticipated. Senator Cannon believes that an extra session will follow adjournment on March 4.

An Official Shot Dead.

Oakland, Cal., Aug. 20.—Nathan Hollenbeck, a deputy poundmaster, was shot dead by Quan Mon, a Chinese gardener, who was watching for vegetable thieves. Hollenbeck was passing through a corn patch and was fired at four times by the Chinese, one of the shots proving fatal. The murderer surrendered himself.

Death of a Former Ohioan.

Washington, Aug. 20.—Captain L. B. Fish, formerly of the Third Ohio cavalry, died here. He was 57 years of age. The interment will take place at Kingston, Mass. Captain Fish was well known in the southwest, after the civil war having been connected with railroads in that section.

Lyman Advanced.

Washington, Aug. 20.—Mr. Charles Lyman, chief of the stationery division in the treasury department, has been appointed chief of the division of appointments to succeed Major Fred brackett, secretary of the Paris exposition commission.

Iowa Soldiers To Go Home.

Washington, Aug. 20.—The secretary of war ordered the Fifty-second Iowa regiment, now in camp at Chickamauga, to proceed at once to Des Moines, Ia., where they will be eventually mustered out.

Wyman Plays Quits.

New York, Aug. 20.—Arnold Wyman of Brattleboro, Vt., 72, committed suicide here by shooting himself in the mouth. No reason is known for his self destruction.

General Grant Arrives.

Ponce, Porto Rico, Aug. 20.—The Concho, with the remainder of General Grant's brigade on board, the Third Kentucky and One Hundred and Sixtieth Indiana, arrived.

CAN'T GO TO NEW YORK

President McKinley So Notifies the Mayor.

SORRY SUCH IS THE CASE.

Will Visit the Heroes Some Other Time and Endeavor to Show His Appreciation of Their Most Glorious Work.

New York, Aug. 20.—The following from President McKinley was received by Mayor Van Wyck:

Hon. Robert Van Wyck, Mayor:

The cordial invitation which you have extended on behalf of the citizens and officials of New York for the celebration of the 20th is deeply appreciated and I sincerely regret that public duties will preclude an absence from Washington at that time.

It would be a great pleasure to unite with the people in giving a home welcome to the officers and men of the American fleet who return with such signal honor for themselves and their country after a memorable campaign of blockade and battle, but some future day I hope to make a personal visit to the stations of the soldiers, sailors and marines to show, if only in a slight degree, my appreciation of their heroic services to the nation.

I cannot be present on Saturday. I am glad to have an opportunity of expressing my hearty sympathy with New York's tribute.

WM. MCKINLEY.

REMARKABLE EXPANSION

Of Business Marks the Successful Conclusion of the War.

New York, Aug. 20.—R. G. Dun & Company in their weekly review of trade says:

A war which brought no shrinkage of business while it lasted has brought with its ending a quite remarkable expansion.

Orders and purchases have increased in nearly all branches, few as yet being of such nature that they can be attributed to the material enlargement of trade with the lately Spanish islands which must come a little later.

Failures for the week have been 154 in the United States against 223 last year, and 17 in Canada against 30 last year.

He Was Converted.

Manilla, Aug. 20.—Felipe Buencamino is a Filipino who was friendly to Spain and joined in the compromise arrangement whereby the Spaniards hoped to conciliate the rebel leaders without sacrificing too much. He was sent to Aguinaldo's camp by Captain General Augustin with the object of securing Aguinaldo's adherence to the Spanish cause. He was arrested by the dictator's orders and held a prisoner. Three weeks afterward he issued a manifesto renouncing his allegiance to Spain. Accompanying the manifesto was a letter from Buencamino to Captain General Augustin setting forth the writer's reasons for going over to the insurgents.

To Hold a Resting Place.

Washington, Aug. 20.—Senator Bacon of Georgia was in Washington and called on the president and was afterward at the war department. He was looking after the interests of Georgia troops, some of whom desire to be moved to different stations. He says the Georgia boys do not want to be mustered out and prefer to go to Cuba. Senator Baker does not believe in the retention of the Philippines, but says the United States ought to hold a good sized "resting place," not only a coaling station, but enough territory to meet all needs in the future.

Shafter Will Command.

Washington, Aug. 20.—When Major General Shafter arrives at Montauk Point, Long Island, next week, he will relieve Major General Wheeler of command of the troops at that post by reason of seniority in rank. General Young, who was originally in command of the camp, relinquished the command to General Wheeler as his superior in rank, and General Wheeler will follow the same course upon the arrival of General Shafter.

Slaughter Still Continues.

Hongkong, Aug. 20.—The slaughter in southern China continues. Corpses float past Wu Chau daily. Two hundred rebels who had entered Tai Wong Kong were defeated by General Mawho, who killed 100 of the rebels and took 40 of them prisoners. The Gentry in the districts of Paklan and Wungun daily send to the magistrates between 10 and 20 rebels for execution.

San Antonio, Tex., Aug. 20.—The volunteer troops now garrisoned at Fort Sam Houston mutined at breakfast and marched out of the mess hall in regular order as a protest against the food furnished them. The matter is now under investigation.

SPAIN lost thirty-five armed ships during the war; the United States didn't lose a vessel.

UNCLE SAM has taught Spain and other nations that while the size of the gun and their number are important elements to be figured on in a war, yet above these and of vastly more importance is the man behind the gun.

PARIS, August 19.—The Soliel, in an article on America in the far East, says that the Americans will quadruple the value of the Philippines and that Manila will rival Hong Kong.

Yet most all France a few months ago preferred to see the Philippines continue in the possession of Spain.

SENATOR DEBOE is a great sleeper. Shortly after he reached Washington he took a nap in his seat in the Senate while that august body was in session. His friends now have another joke on him. He had an engagement at Frankfort Friday, but en route from Washington he went to sleep on a C. and O. train and woke up at Cincinnati.

THE Republicans will have to hurry up the grain speculators and get them to advance the price of wheat a little, or the very mischief will be to play along about election times. They claimed that their administration brought about the high price of wheat a few months ago, and, of course, they will be held responsible for the low price now prevailing.

THE New York World thinks there is a volume of instruction in the elements that go to make up our volunteer army in the published report of the previous occupations of the soldiers of the Tenth Pennsylvania regiment, who were killed in the first land battle near Manila. One was a farmer, one was a country store-keeper, two were coal miners, one was the son of a school teacher, one was a college student who had enlisted on the day before the graduating exercises of his class. They represent all classes and conditions of citizenship, dying on a common level of military heroism as they had lived on a common level of civic patriotism.

KEHOE and Sharp were looked upon to be the strongest candidates, but there was bitter feeling between these two, and Kehoe threw his strength to Williams in preference to Sharp. Kehoe and Sharp both have the wherewith to oil the joints of the Democratic machine, while Williams is in moderate circumstances, and the party must pay up for him, and this it will not do.

The above is a sample of a lot of misinformation sent to the Louisville Commercial by its Maysville correspondent. As everybody knows, but the correspondent referred to, the final ballot in the convention was between Mr. Kehoe and Mr. Williams. The Commercial men think Judge Pugh is sure of 1,000 majority. The Judge would no doubt be satisfied with 100 majority, and he'll be very lucky if he pulls through by "the skin of his teeth." In fact it is very probable that Mr. Williams will be our next Congressman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. THE CONGRESSIONAL CONTEST.

Pugh Having Trouble in Lawrence County.
More Words of Praise For Williams.

In an interview with the Cincinnati Enquirer a few days ago Mr. H. C. Sullivan, a lawyer of Louisa, Lawrence County, Postmaster of his city under the first Cleveland administration, and who was a delegate to the Cynthiana convention, said:

"Hon. Mordecai Williams, the Democratic nominee, is not only an unassailable man from a personal standpoint, but he comes from the end of the district where we need to make votes to win, and his election, in my judgment, is vouchsafed. I don't believe, honestly, there is a bit of doubt about his election. In our county (Lawrence), which gave Pugh 100 majority at his last election, the three leading Republicans of the county, Major D. J. Burchett, Messrs. Burns and Adkins, are openly opposed to further preferment of Pugh. Major Burchett, who served in the Union army, ex-State Senator, ex-United States Marshal of Kentucky and a life-long Republican, has turned his Gatling gun on Pugh, and will rake him fore and aft until the poles close in November. Messrs. Adkins and Burns, while they may not actively work against Pugh, will keep hands off and give him no help whatever, and this will be a plenty. Lawrence County will reverse her majority of two years ago, giving the Democratic nominee a majority of 100 or over. Mr. Williams' son-in-law, Mr. Hainey, of Boyd, an influential Republican, candidate for Sheriff at the last election, will be worth 100 votes to our nominee if he does no more than remain neutral. In Mason the Republican friends of Mr. W. H. Cox, who was a candidate for the Congressional nomination, are sore to the quick because Pugh invaded their county against their home candidate, and money was spent to defeat him. They will not tear their shirts for Brother Pugh this time. The Democrats in the district are united as they never have been before, and moving in solid phalanx on the foe."

Enquirer: Hon. Charles B. Poyntz, of Maysville, member of the State Board of Election Commissioners, was at the Emery Thursday. "Our Mason County candidate for the Democratic nomination for Congress, Mr. Kehoe, was defeated," said Mr. Poyntz, "but there are no sore spots on us. Mr. Williams is a most excellent man and won his nomination fairly and squarely, and Mr. Kehoe will be among his most cordial and enthusiastic supporters. Mason County will give Mr. Williams 400 majority, and he will be elected. Mr. Kehoe will call a meeting of his friends in a few days, and Mr. Williams will be invited to attend and confer with them."

Brooksville Review: "The Maysville Public Ledger is devoting a great deal of its valuable space, in trying to create a rupture in the Democratic party in Mason County. We don't believe there is a Democrat in Mason who would be so weak-minded as to listen to the chantings of the Ledger man, who is working hard to win the good graces of Morg and son-in-law, Sam J. Pugh. Unless Brother Davis repudiates his statements made before the nomination of Pugh by the convention at Greenup, 'Pugh and Defeat,' can use all of his spare space in harmonizing the split in his own party in the district. The Democratic party is for Williams, to a man, and when the evening of the 8th of November rolls round it will be found that the Ninth district has been gloriously redeemed by the votes of the Democrats."

Frankfort Argus: "The above-named gentleman (Mr. Williams) was nominated at Cynthiana for Congress in the Ninth district. We have known the nominee for many years, and he is not only a good Democrat, but a high order of man in every particular. He is sixty years of age, a fine looking man, and has been a Democratic worker for a quarter of a century. He was a member of the Legislature in 1871, and was popular with every one. If a Democrat can be elected he is sure to pull through."

The large auditorium was crowded to its utmost last night; indeed standing room was at a premium, and a more delighted audience never left a similar amusement place. NEARLY a score of questions relating to the stamping of certificates of various kinds have just been issued by Commissioner of Internal Revenue Scott in compliance with requests from different quarters. One question was "Is a stamp required on a certificate of marriage?" and the Commissioner ruled that it was, unless the certificate was given for the purposes of the State. No stamp is required on a certificate of election nor on a certificate issued at a city or county tax sale. One correspondent asked whether a tax stamp was required on a certificate of good moral character presented by a person seeking admission to the bar. To this inquiry the Commissioner simply said no.

MORE NEWS OF Handkerchiefs.

Which is but another way of saying we've good news for wanters of Handkerchiefs. For Men, 15 kinds at 10c. each; 10 kinds at 5c. each; 20 kinds at 15c. each. All neatly hemstitched—some plain white, some bordered—nearly all of them the much-liked extra large size. Hot sultry days create a double need—lucky to be able to buy such Handkerchiefs as these at prices that usually go with the commoner sorts. Women's very fine, pure linen, hand-embroidered Handkerchiefs 25c., instead of the regular 40c. These are dainty squares of loveliness for fastidious women. Women's all linen triple hemstitched Handkerchiefs, small hemstitched hem, 10c. Same size and quality with black corners 10c. Women's all linen Handkerchiefs with one-quarter, one-half or one inch hemstitched hem, for lace or footing edge, 25c. In higher grade goods these reductions: \$1.25 Handkerchiefs for \$1.00; 89c. Handkerchiefs for 75c.; 69c. Handkerchiefs for 50c.. In \$1.50, \$1.75 and \$2.00 Handkerchiefs our line is unsurpassed for handsome patterns, beautiful hand-work and exquisite material. The stock in such qualities is necessarily limited, but each Handkerchief was selected with careful thought. Of course many of our bargains cannot find newspaper space, but a visit to our store will give you their history better than all the type in Maysville. We are holding a handkerchief carnival you can't afford to miss.

HOLD THE PHILIPPINES

And All Other Territory Where the Flag Now Floats, Says Ex-Congressman McCreary, of Kentucky.

WASHINGTON, D. C., August 18.—Ex-Congressman McCreary, of Kentucky, was a visitor at the White House to-day. Mr. McCreary is known as a conservative Democrat, and his call on the President at this juncture has the occasion for much comment. He denied, however, that there was any political significance in his visit, and in a short talk took grounds in favor of the new policy of expansion.

"I am not," said he, as he left the Mansion, "in favor of giving up any place over which our flag floats. We must preserve and hold forever that which Dewey and his brave men so gallantly won. The Commission to be appointed by the President will, after proper investigation, report as to what part of the Philippine Islands the United States shall occupy and govern permanently.

"The problem of the Philippines is not difficult if we consider it from a purely patriotic and American standpoint.

"Progress, wealth, population and the demands of agriculture, industries and manufactures change the situation. The days of our isolation are over. To preserve our leadership among nations we must be controlled by great events and the demands of the times. China and Japan and the Southeastern provinces of Asia constitute the great commercial theater of the future, and present active markets for our agricultural, industrial and mechanical products. They are logically our customers and allies in the trade, for they are nearer to us than to England, Germany and France.

"The war and the demands of commerce have given us the Hawaiian Islands by annexation. Our great navy will have to be supplied with coaling stations, and Hawaii and the Philippines will have to be used.

"For the benefit of our navy and for the great benefit of commerce and trade the Nicaragua Canal should be built, but the United States should buy the land through which it is built and own and operate the canal independently and exclusively. All trade routes from our country for steam vessels pass Cuba and

At the Church of the Nativity to-morrow the Holy Communion will be celebrated at 10:30 a. m. The last of the special evening services for the summer will be held in this church at 7:30 p. m.

A PARTY of fifty from Millersburg, Paris and Cynthiana left Thursday in a special coach for Niagara Falls. In the party were Mrs. S. C. Carpenter, Miss Lizzie D. Conway and Mr. and Mrs. Frank Herbert, of Millersburg.

EVERY day of the Germantown fair their patrons will witness a grand balloon and parachute race by the greatest male and female aeronauts in the world. Every day they will see the wonderful hair slide for life by Mile. Hunter from the top of the highest tree to the ground 400 feet away. The sight of a life time.

THE fruit crop at the westerly and northwesterly ends of Lake Erie this season is the largest ever known. Reports from Kelley's Island, Middle Bass, Put-in-Bay and the other islands are to the effect that tens of thousands of bushels of peaches and hundreds of thousands of tons of grapes will spoil on account of the growers not being able to take care of the large quantities of luscious fruit.

A Beautiful Celestial Picture.
A local observer calls attention to a pretty configuration formed by Jupiter, Venus and the Moon that may be seen this evening in the western sky. The illustration is a little crude, but it was made by the writer under difficulties.

It shows the great Jupiter in the constellation Virgo with beautiful Venus two degrees to the south, while fair Luna is only five degrees distant.

It will be a very pretty sight, and, as one writer says, one that "some purse-proud people would go to Europe to see but will perhaps not look at it home."

On account of the high hills to the south and west down-town people will be unfavorably located for a good view unless they occupy elevated positions, as these beautiful celestial objects soon disappear in the west, but they may be seen by our Aberdeen neighbors for some time after dark.

Kehoe's Gain.
Carlisle Mercury: "In our opinion Mr. Kehoe has gained more than he has lost—or rather will have gained in time more than he could have been benefited by a seat in Congress. He is a young man of family—a young and steadily increasing family. He is very fond of his home, and he is making a most respectable living in a most respectable way. He is young enough to wait for a seat in Congress, and if he makes friends in the future as rapidly as he did immediately following his defeat at Cynthiana it will not be long before he goes to Congress. He has a nice and growing law practice, and the confidence of the best elements of his fellow county men. What is a seat in Congress in comparison to all these things? In defeat Jas. N. Kehoe is the gainer, and time will show it to his satisfaction. The greatest blessing ever conferred upon a man is often brought to him through defeat. We know whereof we speak."

Ross-Fristoe.
The marriage of Mr. William Ross and Miss Anna Fristoe was quietly solemnized at the residence of Mr. and Mrs. August Hauck. Rev. G. E. Rapp in a most beautiful ceremony pronounced the words which made complete the sacred vows of two young lives. The many friends of this worthy young couple wish them happiness and prosperity in their future lives.

SUPERIOR SINGLE DISC GRAIN DRILL.

The only absolute positive force feed, which can be instantly changed to any desired quantity—a vast improvement over the old style cog wheel feed abandoned many years ago. Can be thrown in and out of gear, allowing the disc to remain in the ground—another improvement over the old style drills.

THE SUPERIOR SINGLE DISC DRILL will do more and better work with less labor than any other drill made. It will sow and cover grain in all kinds and conditions of soil, in hard ground and soft ground, in weeds, corn stalks, crab grass or any kind of vines, without clogging. We have been selling this drill for four years. Ask the users as to their superiority and they will invariably tell you to buy no other and that they are the best drills on earth. The SUPERIOR was the first successful Disc Drill. There are imitations; Beware of them. We solicit your inspection of the Superior before placing your order for a drill.

RECEIVER ASKED FOR.

Bicycle Company Is Charged With Fraud.

TWO CREDITORS SECURED.

It Is Alleged That Bills Have Been Transferred to Secure Debts in Violation of the Law Governing Such Cases.

Indianapolis, Aug. 20.—The Indianapolis Chain and Stamping company has filed suit against the Hay & Willis Manufacturing company and asked for a receiver.

The company avers that the bicycle company is insolvent, that it has transferred since July 1 the larger part of its property to two creditors with intent to defraud 100 other creditors, and in fraud of the national bankrupt law; that it has transferred bills and accounts to secure debts of \$54,000.

Coal Company In Trouble.

Knoxville, Tenn., Aug. 20.—The Black Diamond Coal company, operating mines in the Jellico Coal district, was placed in the hands of a receiver upon the application of local creditors. The liabilities are placed at \$165,000, of which amount \$45,000 is due the Coal Creek Mining and Manufacturing company, owners of the coal lands leased to the Black Diamond. The assets aside from these lands are placed at \$22,000.

Murder by a Jealous Negro.

Evansville, Ind., Aug. 20.—John Black, crazed with jealousy, gave Lizzie Black a terrible beating, the woman dying in a short time. The murderer was pursued until he reached the river, when he jumped off a barge into the swift current and was drowned. Both are colored and they had been living together for several years as man and wife.

Scalded to Death.

Peru, Ind., Aug. 20.—Will E. Waymire, employed in the basket factory, fell into a vat filled with boiling water. He was quickly rescued, but he was scalded so badly that death resulted. Waymire was a well known school teacher.

Bitten by a Rattlesnake.

Plymouth, Ind., Aug. 20.—Drew Edwards, the 18-year-old son of Stephen Edwards, residing near Maxinkuckee lake, south of this city, was bitten by a rattlesnake while mowing grass. Physicians say he can not live.

Crushed by a Saw Log.

Dillsboro, Ind., Aug. 20.—Albert Starkey, 19, while engaged in loading logs on a car at Pierceville, near here, was caught by one over which he and his companions lost control, and his head was mashed to a pulp.

Judge Cut by a Doctor.

Owingsville, Ky., Aug. 20.—In an altercation here between City Judge N. R. Patterson and Dr. Andrew Boyd, Boyd cut Patterson four times. Patterson is not thought to be dangerously hurt.

Killed by a Negro.

Princeton, Ky., Aug. 20.—In a dispute over a game of marbles, Charles Wood, 14, negro, killed Jimmy Johnson, 12, white, with a rock.

Meat Thief Gets Five Years.

Lancaster, Ky., Aug. 20.—In the circuit court Speed Young was given five years in the penitentiary for stealing meat early last spring.

Life Ended in Jail.

Georgetown, Ky., Aug. 20.—Frank Brock, in jail on the charge of horse-stealing, committed suicide by taking poison.

Another Evidence of Peace.

Washington, Aug. 20.—Another evidence that war is at an end is the fact that Postmaster General Emory Smith suspended his order issued at the beginning of the war that during hostilities all mail communication with Spain and her colonies was to be discontinued. As a courtesy to the Spanish prisoners their mail, after being censored, was permitted to be sent to Spain via France, but this concession was not considered a violation of the order.

Bar Association Adjourns.

Saratoga, Aug. 20.—The concluding session of the American Bar association was devoted to the construction of the amended report of the committee on federal courts, of which Edmund Wetmore of New York is chairman and which was finally apoted after various amendments. These officers were elected: Joseph H. Choate, New York, president; John Hinkley, Baltimore, secretary, and Francis Rowle, Philadelphia, treasurer.

Washington, Aug. 20.—The court of inquiry in the case of the Third Virginia has not yet reached a conclusion. The report of the findings will be sent to General Graham at Middletown, Pa. It is rumored that at the request of General Fitzhugh Lee the Third Virginia will be transferred to his camp in Florida.

St. Thomas, D. W. I., Aug. 20.—The Cincinnati and the Gloucester are here and are coaling from the schooner Southard.

—Walter Champ in Up-To-Date.

A WOMAN never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most all of women's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure trouble of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pain of childbirth and insures the health of both mother and child.

Send 21 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

SYRUP OF FIGS

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

MINISTERS' AID FUND.

Rev. J. S. Sims Asks His Brethren To Make It Worthy of the Zeal and Devotion of Conference.

In regard to the recent agitation of the Kentucky Conference Ministers' Aid Fund the Rev. J. S. Sims, President, states:

"The fathers wisely decided that no benefits should be received from this fund until it should reach \$10,000. In 1877 the amount was \$5,619.73. In 1877 the fund was nearly or quite \$12,000. But in 1897 the fund was only \$13,250.39, so that there was, in the last decade, only a gain of \$1,250. In 1888 the beneficiaries received \$700, while in 1897 there was \$1,050 divided among 27 claimants.

"I have nothing to say against any spasmodic effort in the way of immediate relief societies, or the raising of emergency funds, other than to say, that if such efforts, in any way, interfere with the growth of this fund as a permanent invested fund, all such efforts are unwise and unbusiness-like. We, as ministers, are not interested in the growth of this investment, the time may come when we will be. It seems to me more like wise and business-like methods to have an invested fund, the income of which could be depended upon, or even anticipated, if need be, from year to year, than to be wholly dependent upon the gifts of charity.

"Now, what I want to lay to the brethren concerned is briefly this: Let us say this matter to heart; if from no other, let the interest of self move us to enlist our brethren with us in the growth of this fund. I know that the preachers have many cares and carry about with them continuously more weighty and important affairs, and if a man stop to think of temporal things he seems to them very worldly minded; but still let us see if the people will not help us, and by bequests and contributions let us seek to make this fund one that is worthy of the zeal and devotion of our conference."

Pork Packing and Provisions.

[Cincinnati Price Current, August 18.]
Some further decrease in the offerings of hogs has occurred the past week, although the total is in excess of the corresponding time last year. The week's packing shows 305,000, compared with 335,000 the preceding week, and 410,000 two weeks ago. For corresponding time last year the number was 270,000. From March 1 the total is 9,865,000, against 8,505,000—an increase of 1,360,000. Very little unfavorable comment as to quality of offerings. Prices have averaged a little higher than the preceding week, closing fully 5 cents per 100 pounds better than a week ago for the average of prominent markets.
